Heavy Rainfall Recorded Here

A torrential downpour flooded Bay St. Louis streets from curb to curb last evening about 8 p.m. Rain was so heavy many motor- ists were forced to park until the cloudburst subsided. Brother Lester of St. Stanislaus College reported rainfall of 1.89 inches between 7 a.m. Wednesday and 7 a.m. today. Tele- phone company authorities re- ported some phones out but no cables or lines down. Coast Elec- tric reported some isolated cases of power failure north of Bay St. Louis and in the Dedeaux vicinity.

Parish School Registration Set Saturday

Registration for all children who will be eligible for the first six grades in the new Catholic parish school next September will take place from 9 to 11 a.m. Saturday, at the school annex. This includes children who are in kindergarten now, those who will be eligible to enter school next September, as well as all Catholic children now in public schools who will be eligi- ble for grades one through six in the fall.

Tuition changes will be charged later. A family plan will be set up for families with two or more children in the school.

Blood Bank Sets Date for Drawing

The Hancock County Blood Bank has scheduled its next blood drawing for Wednesday, April 27, at the Bay St. Louis Youth Center, Eugene Dillman, president, has announced.

The date was fixed at an executive board meeting Monday night when a general membership session also was called for Monday, Feb. 22, at 7 p.m. at a place to be announced.

Hospital Daily Rate Here Low

A \$9 a day charge at Hancock General Hospital for a two-bed semi-private hospital room ranks next to a low of \$8 a day as compared with a high of \$32 in cities with population of 25,000 or more, according to a study by the Health Insurance Institute of New York.

The study was based on in- formation supplied by the American Hospital Association from a 1959 survey of hospitals throughout the United States. It showed that rates were generally lower in the south than in other sections of the country.

Rates in cities of more than 100,000 population ranged from a low of \$9.29 a day to a high of \$27.80 a day for a two-bed semi-private hospital room.

An average rate in New Orleans for this type of room was \$14.28 and in Memphis, \$13.68, according to the study. Nearly 22 million persons, one out of every eight in the United States, were admitted to the nation's short-term general hospitals in 1958, according to statistics of the American Hospital Association.

Pioneer To Drill

Plans are in progress to drill on a gas unit in Ansley field after Pioneer Oil and Gas com- pany was recently given per- mission by the State Oil and Gas Board.

Resignation Filed By Agent Simmons

Hancock County supervisors reviewed and filed Monday morn- ing a written resignation from County Agent Howard Simmons, who ends his tenure of office this month, and a separate answer to the petition presented against him by a group of north county farmers.

They also agreed to consider additional financial aid to Tony Bourgeois of Waveland, injured by county prisoners while serving as night jailer, and postponed final decisions pending further investigation on new two-way radio equipment for the sheriff and a proposed State Balance Agriculture With Industry loan for the new Markel Industries plant.

The board postponed a special joint meeting with repre- sentatives of the Bay-Waveland Yacht Club to discuss a county- city launching ramp Wednesday morning until Feb. 8 when Char- les Russ of Beat 1 and Board President R. G. Hubbard of Beat 5 both of whom were ill, would be present.

Simmons explained in his written resignation he was accepting another appointment with the Agricultural Extension Service. His verbal resignation was accepted at the Jan. 21 meeting, Attorney Sam Favre noted.

Action on a resolution, the first step toward passage of a local and private bill in the state legislature which would allow the board to extend finan- cial aid to Bourgeois, was post- poned until later this month so the three new supervisors can investigate the problem.

League of Women Voters re- presentatives, Mrs. David Poin- dexter and Mrs. C. C. McDonald Jr., who inquired about aid to Bourgeois were told the past

Station Hours Expanded by New Bus Head

F. M. Rapier, who took over management of the Greyhound Bus station on Ulman Avenue Friday morning from former manager Nellus Rhodes, has an- nounced a new schedule of office hours.

The station will be open from 5:30 to 11:30 a.m. and 12:30 to 5:30 p.m. on weekdays; from 8:30 to 11:30 a.m. and 12:30 to 5:30 p.m. on Sundays; and will be closed on Wednesday after 11:30 a.m., he said.

A resident of Bay St. Louis for the past 12 years, Rapier was an officer aboard ocean ves- sels before making application to Greyhound for the position.

Bus schedules including ar- rival and departure times are posted on the windows of the station, Rapier said.

board had not wanted to set a precedent in giving financial aid to persons injured while working for the county.

Hubbard explained that when Bourgeois was hired in 1955 at the insistence of the old league (Cont. on Page 8.)

School Board Authorizes Garage Move

Steps toward relocating the garage and servicing facilities for county school buses in Bay St. Louis were authorized by the county board of education at its meeting Monday.

Trustee Alton Keller moved, seconded by Louis Necaise, that Superintendent K. G. McCarty be empowered to secure a location here for the buses on a month to month basis and to inform the mechanic, Honey Schwall, if he wishes to continue his services when the garage is moved from his property on Old Spanish Trail. McCarty said he has a site on Citizen Street in mind.

Consideration of bills occupied the bulk of the routine session with payment of in- surance premiums to the five agencies holding policies on school property approved. The premiums, in excess of \$1,500, prompted President Charles Murphy to observe on the high rates prevailing in the area.

The board also authorized payment of all power bills to date, subject to an itemized statement from Coast Electric Power Assn., and of all phone bills after a similar check.

After Necaise reported leaks on the roof of the gymnasium at the new North Central School, Trustee S. P. Powell moved that the superintendent notify the architect, Charles Proffier, and have him get the contractor to correct the problem. The board also scheduled an inspection at the school for next Tuesday.

First faculty roster for the 1960-61 session was submitted for approval. It came from Log- town School where Principal Oscar Breland recommended re- appointment of the entire current staff. The board approved their selection and on McCarty's re- commendation named him prin- cipal again. Re-elected were Breland, eighth grade; Ray Howard, seventh; Mrs. Jacquelyn Hoyer, fifth and sixth; Mrs. Rosalie Crawford, fourth and fifth; Mrs. Mable Smith, third; Mrs. Eunice Casanova, second, and Olivia Keller, first.

Principal Paul Lanphere of Gulfview was authorized to re- turn the distributor social (Cont. on Page 4.)

MARDI GRAS ROYALTY - King and queen for the Carnival celebration sponsored by the Bay Central Parent-Teacher Association are Clarine Hayward and Wallace Bourgeois Jr.

School Mardi Gras Court is Announced

The Nightingale, a Chinese fairy tale, was selected as the theme for the Mardi Gras ball of the Bay-Central Parent-Teacher Association at a meeting of the court committee yesterday. Selection of the court also has been announced with Cla- rine Hayward, daughter of Mr. and Mrs. John R. Hayward, to reign as queen with Wallace Bourgeois Jr., son of Mr. and Mrs. Wallace Bourgeois, as king. Both are eighth graders at Bay Central and live in Waveland.

Michael Gowen will serve as captain while maids in the court will be Martha Wheeler, Darnell Russell, Dorothy Estapa, Mildred Ling, Linda Wimbish, Barbara Noonan, Margie Byrd, Kathy Martin, Jane Ellison, Cynthia Poyadon, Janie Lee and Made- line Manning.

Dukes will be Ronald Ferrell, Billy Thomas, Billy Pittcain, Lervis Kemp, Ed Estapa, Gasper Maurig, Larry Cox, C. J. Farve, Billy Chevis, James Waite, Giles Bryant and Thomas Mayfield. Janet Strong and Carol Smith will be the ushers with Brian Russell and Terry Stephens as heralds. The pages will be Win- dell Miller and Michael Roman- off.

Little Sherry Cospolich and Laura Carden will be flower girls with Susan Hayward and Susan Negrette as train bearers.

Carver was given emergency treatment in the Hancock Gen- eral Hospital, where his condition was diagnosed as serious by Dr. Robert McKinley, attending phy- sician, and was transferred to the Marine Hospital in New Or- leans. His condition was reported Wednesday to be satisfactory and hospital authorities said he was resting well and would prob- ably be confined several weeks.

He is employed by Marshall Strong and is well-known in the local seafood business.

Tavern Entered In Middletown

Vandals stole a money box containing an undetermined amount of cash and wrecked the juke box at Fayard's Place, a Negro tavern in Middletown, sometime Wednesday night, ac- cording to the office of Sheriff Gerald Price.

Entrance was gained through the front window and several other items are reported miss- ing, but a complete check has not been made yet, the office said.

Sunday to be Chaplains Day

Clement R. Bontemps Post, along with other American Legion posts, Sunday will observe Four Chaplains Day, in 1951 the national convention of the organization resolved to ob- serve the Sunday preceding or follow- ing Feb. 3 as Go To Church Sun- day in memory of four United States Chaplains who lost their lives on Feb. 3, 1943, when the U. S. S. Dorchester was sunk by torpedoes off Greenland.

Business Gas Rate Postponed

Waveland Town Council tight- ened the reins on stray dogs Tuesday night when it approved an ordinance effective March 15 which restricts any unmuzzled dogs running at large.

Unless accompanied by its owner or another person within the town limits, a dog may be disposed of by the town marshal or any other officer delegated by the town.

In addition to being muzzled, no dog will be allowed to run at large unless it has been im- munculated according to state provisions. If found without proper identification of vaccination, the dog will be impounded in the town pound for five days during which the owner can demand re- lease upon paying a \$1 per day boarding fee.

If the dog is not claimed within five days the town may dispose of the animal.

The ordinance also provides that any female dog, whether muzzled or immunculated, running at large while in heat or season, will be impounded and subject to the same conditions.

Unanimously approved by the aldermen except for William Ruhr, absent because of illness, the ordinance repeals the ordi- nances of 1886 and July, 1959, and any others related.

In other matters the alder- men postponed a proposed com- mercial gas and water rate for the town pending further in- vestigation after Mayor Garfield Lad- ner reminded council that the department has to accumulate a surplus to pay off the bonds floated earlier on the system. Rates are extremely low now, he added.

Town Marshal Fred Bour- geois reported the town deposit slips would verify that he had been performing his duties as tax collector and had also been on the job as marshal after he was questioned by Alderman Son- lier.

Decision on the purchase of the water system in Gulf Car- dens, owned by Modern Homes, Inc., was withheld until the amount of the well pressure can be determined and if all of the 33 system users agree to use the town system.

James DeBlanc, secretary- treasurer of Modern Homes, said the system's pipes were laid within the 50 feet designated by the town as the public roadway and the system owns the strip (Cont. on Page 4.)

No Word from FBI On Car Found Here

No report has been received yet from Federal Bureau of in- vestigation agents on the stolen 1959 Plymouth found Jan. 22 in a Waveland garage owned by Henry Kothmann of Chadwick Street, according to the office of Sheriff Gerald Price.

Kothmann told officers at that time he had rented the building to a man, name unknown, three months ago. The man allegedly gave him \$30 and was to return but he hasn't seen him since.

Heart Benefit Set

Ten per cent of all money spent in Kern's 34 and 104 Store tomorrow will be donated to the Heart Fund. It was announced by Mrs. Joseph Kern, owner.

FOCUS ON SAFETY - H. H. Shattuck, manager of Coast Electric Power Assn., second from right, displays his firm's growing yardage of safety plaques after Fred Braun, at his left, added another one at safety dinner Tuesday. At left is Arthur Miller, who received a certificate for the longest accident free record, 18 years, and at right J. W. Watts Jr., who chalked up 14 years, Braun is accident prevention vice president for Employers Mutual of Wausau, insurance firm.

Shattuck. Stan Staples, vice president for advertising and sales, told the assembled guests how the ad- vertisement with Coast Electric came about. Chamber of Commerce Pre- sident A. G. Dantagan spoke briefly on the benefits accruing to Hancock County through the ad- vertising Coast Electric and Michael Haas, Junior Chamber president, surprised Shattuck with a commendatory plaque from his organization. City Seeks Bids to Sell Fire Engine

City Commissioners voted Monday to advertise for sale the city's second hand Seagrave fire engine. City Attorney Dan Russell advised that the engine would have to be advertised for the highest bid since it is public property even though a purchase offer had been made by the Bay St. Louis Junior Chamber of Commerce. The engine is approximately 40 years old.

Mothers Raise \$989.67 toward March of Dimes

A total of \$989.67 was collected last Thursday and Friday during the annual Mothers' March, according to figures released by Mrs. Thelma Tudary, county chairman of the New March of Dimes campaign.

The Bay St. Louis group collected \$592.45 Thursday and the Waveland mothers \$241.14 Friday. The Negro mothers brought in \$156.08.

Mrs. Tudary said this year's march was one of the best ever but the drive as a whole is lagging badly and urged those who haven't contributed to do so as soon as possible.

"I want to thank each and every mother who helped us do such a wonderful job this year," she said.

Mission Day Set March 6 At Seminary

Eye Sheriff's Radio Need Two Cage Tournaments Scheduled in County

(Cont. from Page 1.)
The legal position was dubious. No state statute provides for a county-paid night jailer, but the position can be paid by the sheriff, he said. However, the sheriff at the time did not feel he could afford to pay a night jailer, so the board did, Hubbard added. Approximately \$1,000 was given to Bourgeois in aid since the board paid his salary for three months after he was injured and made additional contributions through his brother, who turned his county-paid salary over to Bourgeois, Hubbard said. Attorney Walter James Phillips argued a decision this month so as to have time to get the

private bill through the current session of the legislature. Phillips had asked for the resolution in December, but the special session of the legislature then was too short for the bill. Sheriff Gerald Price noted that the office now provides 24 hour deputy service and a night deputy on duty in the main office patrols the jail periodically. The question of new short-wave radio equipment for the sheriff was reviewed by a New Orleans electronic dealer, Clarence W. Peters, who noted the wide-band frequency equipment now used will have to be changed to narrow-band or the current frequency extremely reduced after July 31, according to new federal regulations. Peters said the national change over to narrow-band was being made to double the channels which are now overcrowded. A decision on purchase of narrow-band equipment was postponed until the supervisors can investigate prices and possibility of obtaining equipment through the federal civil defense association. Supervisors also deferred underwriting a \$75,000 proposed loan for the new Markel Industries plant until they can learn more of the project. Fave noted the loan would entail a bond issue. Papers for the loan were presented by the newly organized

of Best 4 Supervisor James Ne-casse to replace Willie E. Faye as bridge tender in that best. A \$98 change order for a chart rack and a \$93 change order for the word General to replace County on the new hospital were approved on the recommendation of Architect W. W. Dawson. Payment to Dawson was approved at \$428.40 and to contractors Perillat and Rickey, \$30,345. The first contractor's direct payment to Roger Heitzmann, contractor for the new county health center, was approved at \$4,734.36. County Service Officer John Rutherford commented that a new Veterans Administration law goes into effect this year in aiding widows and orphans of World War II and the Korean Conflict and asked that any persons questioning the board on the matter be referred to him. A 1957 bill presented by a representative of Pearson Motor Co., Inc., Piquette, for amounts charged to Best 4 was placed on the docket scheduled for approval in March. The supervisors approved an American Surety Co. bond on attorney Joseph Beavenutti and a statement for \$433 from Surveyor Roland Weston for abstracting county lands.

Bay St. Louis Junior Chamber of Commerce. Hubbard instructed Clerk Claiborne Lader to invite a BAWI representative to meet with the supervisors on the project. A substantial balance in all the county funds was indicated by totals presented by Lader. Balances as of Jan. 31, 1960, were \$15,660.36, general county; \$104,576.82, sewer; \$27,244.74, hospital bond; \$6,780.96, advertising; \$27,798.98, health and sick; \$2,478.46, pauper; \$1,926.50, library; and \$88,610.69, hospital building. Two tournaments are on tap for basketball fans. This weekend will be the 1960 Hancock County Elementary tourney at Gulfview in Lakeshore. For next weekend is scheduled the important regional B-BB tournament at North Central.

In addition to the regular trophies given at the Lakeshore tournament, a cup will be awarded the team displaying the best conduct and sportsmanship by the Coast Electric Power Association, according to H. H. Shattuck, manager. Plans are under way to award similar trophies next year in other tournaments in the area serviced by the association, he said. Judging will be by school officials and those conducting the tournaments.

At the Lakeshore tournament, fans will see future stars in action. The area's largest schools will participate including Stanislaus, Bay High, Logtown, Gulfview, North Central, Christ Episcopal and St. Joseph Academy. Play will begin at 6 p.m. Friday with the Bay High girls tackling Logtown, the winner to meet St. Joseph's Academy Baby Jays at 1 p.m. Saturday.

The Baby Jays won an all-day tournament two weeks ago defeating eight schools in the St. Regis School tournament in Harahan, La. Girls' finals will be at 7 p.m. Saturday and boys at 8 p.m.

Play in the regional tournament at North Central will begin Wednesday, at 6 p.m. with St. Joseph Academy of Bay St. Louis meeting the girls from St. Joseph High of Pass Christian, the winner to play Savannah at 8:30 p.m. Thursday. Girls' finals will be at 7:30 p.m. Saturday. North Central's Hawks will see action at 8:30 p.m. Friday tackling the winner of Pass Christian — St. John. Boys' finals are scheduled for 8:45 p.m. Saturday.

North Central's girls will meet McNeil Wednesday at 8:30 p.m. to play the winner between Pass Christian and St. John Friday at 6 p.m. The top two boys and girls teams in the south Mississippi tournament, date and location of which has not been set, all teams winning one game in this tournament will be insured of a spot in the state play-offs.

Makes Name in Ring

TERRY RANDOLPH

Terry Randolph, 1954 graduate of Bay High and son of Mr. and Mrs. Clarence Randolph of Felicity Street, is making an outstanding name for himself in South Mississippi boxing circles.

An open welterweight, Randolph, now a student at Mississippi Southern College, put on "the slickest exhibition of ring craftsmanship" ever seen, according to a veteran sports editor who covered the South Mississippi Boxing Tournament championship bouts Jan. 27 in Hattiesburg.

He is quoted as "trying out a wide variety of punches and scoring nearly all." Randolph won the 160-pound open trophy in the tournament after defeating Richard Foreman of Biloxi.

In the same tournament a plaque was presented to former Waveland resident Coach Buck Price of Hattiesburg and Mississippi Southern in appreciation for his efforts in making the tournament successful.

Bay Man in Mishap At Gulfport Sunday

A Bay St. Louis man escaped injury Sunday afternoon when another car backed into the side of his automobile in Gulfport. Albert D. Bieh, 208 Union St., said he was waiting for a red light to change at 2:55 p.m. at 28th Street and 25th Avenue, when a car driven by Albert Brock, Route 1, Box 76, Gulfport, backed from a service station and struck his car. No injuries were reported.

Softball League To Meet Tuesday

The Bay St. Louis Softball League will meet in the Athletic Room of Tropical's Knock-Knock Club at 7:30 p.m. Tuesday, Mrs. Theo Tudary, chairman of the Parks and Playground Commission, has announced. She asks that all members and interested parties attend.

Tigers Top Greyhound

Bay High's Tigers added another victory to their records Tuesday night swamping Ocean Springs 63-46 on the Greyhound's hardwood but the Tigerettes dropped the opener 54-48.

The Tigers jumped off to a 21-7 lead in the first quarter and were never headed. Ronnie Peterson regained his winning form and hit the bucket for 23 points. Gregory Necaise got 12, Woody Alliston 9, Tommy Godwin 8, Barry Stephens 7, Ronnie Russell 2, Milton Bernard and Tommy Johnston 1 each.

The Ocean Springs lasses took an early lead and were leading 32-22 at the half but the Tigerettes came back strong in the final period to win the quarter 18-10 but the final buzzer sounded before they could score the tying 6 points.

Virginia Breland and Susie Doring accounted for all but 4 of Bay High's points, getting 22 each.

How to help Mississippi grow!

Mississippi has the natural advantages to attract industry. But, whenever a business goes hunting for a place to move or expand, it looks at other businesses in an area. Are they doing well? Do they get fair treatment?

Now, with the aid of BAWI inducements and the hard work of public spirited citizens, Mississippi is attracting new industries, creating more jobs, improving our economy.

All this growth requires telephone expansion, too. During the past 3 1/2 years for instance, your telephone company spent over 53 million dollars to expand phone facilities for a growing Mississippi. This takes new investment dollars.

Southern Bell in Mississippi

Every progress picture has a phone in it!

To keep new money coming in, Mississippians need to make sure that all industries, old and new, are allowed to earn a reasonable profit.

New investment capital creates new jobs. Then there is a demand for new homes and so many other things, including more telephones to keep up with growing needs.

Conference Championship

Watts Paces Scoring But Tigers, Hawkettes Lose

Bay High's Tigers and North Central's Hawkettes fought desperately Saturday night in Central's gym to win the Gulf Coast conference championship but didn't get up steam and lost in games. The Hawkettes topped the opener to Perkinson 40 and the Tigers fell before Red Rebels of Harrison Central 63-34.

The Tigers' mainstay, Bill Watts, played a magnificent game, leading both teams in scoring, inspiring his teammates with his powerful rebound play and competitive spirit but hurt his leg during the third quarter and is expected to return to the fray in the final quarter but after the doctors ordered the leg in a cast. He will be sorely missed in Saturday's return game with North Central.

Harrison Central played throughout the tournament like never played before in this area. The Tigers whipped them this season, most recently Tuesday by 61-58. But, the conference championship would not be denied while High was off and their constant scorers, Ronnie Peter-

son, Woody Alliston, Paul Miller and others couldn't seem to get the range on the basket.

Powerful North Central went down to defeat at the hands of the Red Hot Rebels Friday in the semi-finals 53-49, although the Hawks have licked them three times this season, once by 19 points on the Rebels' court.

North Central's powerful Douglas Necaise won the award as the conference's most outstanding boy and tall Barbara Patten of Perkinson took home the coveted girls' trophy.

Douglas and Wayne Necaise of North Central were named on the all-conference team, Bay High placed Bill Watts and Barry Stephens on the squad.

Tigerettes Arlene Ladner and Vidalia Schultz made the girls' all-conference as did North Central's Bonnie Sue Peterson and Dorothy Stockstill.

In the finals, Watts was high scorer with 15, 7 of which were free throws. Barry Stephens and Paul Miller 4, Tommy Godwin and Woody Alliston 2 and Gregory Necaise 1. For Harrison Central, Douglas Cooley scored 14, Ronnie Schmitz 9 and Edward Duncan 8.

Score by quarters:
Harrison C. 12 14 12 25 - 63
Bay High 9 11 7 7 - 34

The Hawkettes lost a toughie to Perkinson for the trophy. Six-foot center Barbara Patten went wild in the second frame and Perkinson took the period by 11 points, which accounted for the game as North Central led in both third and fourth quarters. Coach James Johnston switched Bertie Cameron from forward to guard at halftime with instructions to stay with Barbara and the Perks were held to 6 in the third. Guard Gaynell Ory was out because of flu.

Bonnie Sue Peterson made 23, Janell Ladner 10, Ella Mae Ladner 5 and Bertie Cameron 2. For Perkinson, Barbara Patten 23, Doloris Bond 16 and Twila Retalick 4.

Score by quarters:
Perk. AHS 12 13 6 13 - 44
North C. 9 2 15 14 - 40
Douglas Necaise hit the net for 21 Friday against champion Harrison Central, Wayne 13, John 7, Barney 4, Berlin and Calvin Shaw 2. For the Rebels it was Roland Ladner and Robin Wilson, 16 each.

Score by quarters:

Harrison 12 11 12 12 6 - 53
Central 11 10 6 20 2 - 49

In other games, boys division, Bay High 67 Perkinson 64; North Central 90 Pass Christian High 41; Harrison Central 87 Ocean Springs 41; Perkinson 69 Long Beach 60.

Hawks Regain Form, Top SCC, Gold Jays

North Central bounced back to winning form Monday night copping a double-header, the boys grinding out a 72-46 win over St. Stanislaus and the girls upsetting favored St. Joseph's Academy 53-45 in the Hawks' gym.

The Rock-A-Chaws had trouble finding the basket in the first quarter and wound up the period trailing by 16 points, a margin they were never able to overcome although play was more even in the second and third periods. The Rocks led by 2 in the final.

Douglas and Berlin Necaise tied for top scoring honors with

Score by quarters:
North C. 23 17 18 14 - 72
St. Stanislaus 7 10 15 14 - 46

North Central's Bonnie Sue Peterson was the difference in the girls' battle, hitting from all angles. It was a close game and the Gold Jays came back strong

in the final period to top the Hawkettes by 3 points but were unable to overcome their lead before the final buzzer.

Bonnie Sue got 27 for North Central, Janell Ladner 14, Bertie Cameron 10 and Margie Hoda 2. For St. Joseph's, Mary Jo, Elizabeth Krieger and Judy Favre scored 14 each, Captain Frankie Matherne 3.

A full schedule is on tap for the Hawks this weekend, Friday the lads and lasses travel to Ocean Springs and Saturday a couple of breath-takers are on tap when they entertain the Bay High Tigers and Tigerettes. For

Junior Rock: Top Visitors, Varsity Loses

Paced by Lars Phillips and John Chevis, St. Stanislaus' junior cagers polished off the B squad from Redemptorist 63 to 39 Tuesday night while the varsity dropped its contest 52 to 39.

Phillips scored 19 points and Chevis 18 in the B team encounter.

Stanislaus managed to get only one point in the first quarter of the varsity game—that on a foul shot by Ronnie Ardigues—while Redemptorist ran up 20 points to establish an insurmountable lead. The Rocks scored 12 each in the second and third quarters and 14 in the final but it wasn't enough to overtake the visitors' 8, 14 and 12.

E. J. Babin was high scorer for the home team with 13, Charlie Lam and Finley Hewes each got six, Charles Genard five and Ardigues four.

Shoulda Gone Fishin'

BY EDDIE ENGELHORN

Only six more days remains for hunters to stalk their prey in this area. Quail and rabbits are fair game until Feb. 10 after which the season closes until April 1 when wild turkeys may be taken until April 10. Only gobbles may be taken as hens are laying and setting during this season and should not be molested, game warden Randolph Bourgeois advises.

February is off-season for fishing and most sportsmen use this period to care for their tackle and gear. Reels should be taken apart, cleaned thoroughly and reassembled with fresh oil and grease. Lines should be inspected for weak spots and bamboo rods rewound where necessary. Wooden hulls and skiffs should be scraped, sanded, caulked and painted and when the big Spring trout begin to appear you should be all set for another year of trouble-free sport.

Skin diving for fish has become a popular sport in many localities and devotees have formed several clubs in New Orleans. We would like to hear from anyone interested in this exciting form of fishing.

Several local angling-addicts have checked the water in the Pearl and Jordan Rivers as well as the popular bayous and all report "too muddy". With continued low tides, though, it could clear up in a couple of weeks.

Watson Johns of Carroll Ave. is said to have brought home some fish Sunday but we couldn't reach him to check the story.

A. C. (Mitch) Mitchell is devoting much of his leisure to getting his gear in shape, even

building a special house for his favorite boat, a 17-foot cruiser powered by two 35's.

Alvin Ladner reports from Clermont Harbor that fishing is "nowhere" right now and won't be until around May. Net-throwers are doing fine with mullet, though.

Buck Buehler hasn't been out for some time. Asked why he said "the weather is too darn bad". (Not his exact words but same thought).

On the hunting scene, Harris Ladner of the REA appears to be the local champ. He was off last week and bagged 36 quail. He has bagged 92 during the season.

At the REA Safety Award Banquet Tuesday night at the Yacht Club we sat next to Mr. and Mrs. Jack Garriga and discovered a real sportsman in Jack. He is heading for Florida in the near future and his eyes took on that far-away look recalling the 15-pound monster green trout he caught last year. Jack and Bobby Fayard made their usual hunting trip last week but only came up with two rabbits and two quail.

IT'S FUN-TASTIC

STEP IN IT—

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

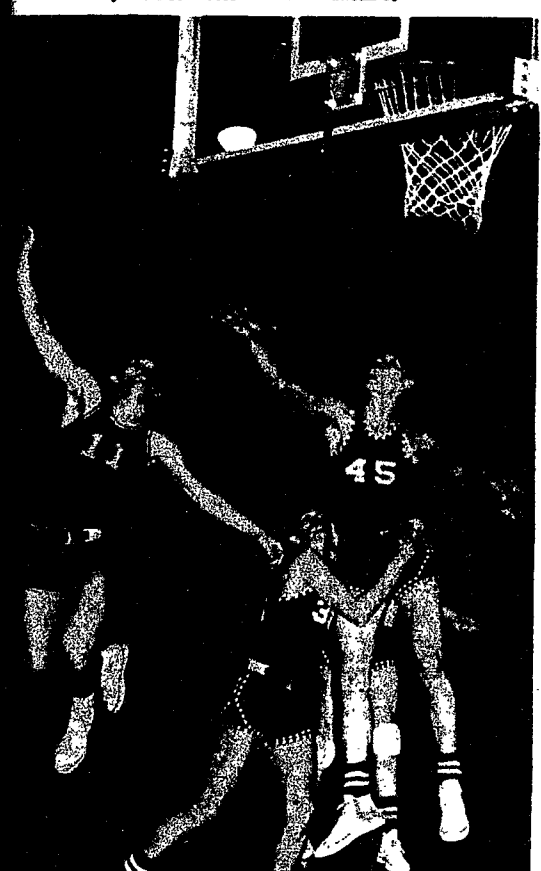

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.
